

Dear Provider,

TEFS would like to inform you of three changes to TEFS terms and conditions that apply to some or all of its providers.

1. 'Elite Providers' Get up to 50% Additional Account Value - Providers who are classified as Elite would get up to 50% increase to their account value. Those Providers will be approached by TEFS at its own discretion. TEFS does not accept applications to the classification.
2. \$3,500 Daily Drawdown Limit - Cancelled - from now on TEFS will not limit Providers' daily losses as default. TEFS does encourage Providers to voluntarily set their own daily drawdown limits.
3. New Platform - TEFS is in advanced stages of testing a new platform with improved design, on-screen trading, and other top-of-the-line features.

[Please feel free to look at our press release that includes images of our new platform](#)

As always, TEFS wishes its Provides the utmost success.

Regards,
